HAWLEY HOUSE, near Devonport, Tasmania

7.30 PM FRIDAY OCT 22 **\$60** incl. 3-course meal

With guitar, poetry, film and spoken word John Seed will share a **3 course meal** with guests while, between mouthfuls, engaging us in his environmental journey campaigning to save Australia's and the world's rainforests and current campaigns including his recent success in saving the last remaining significant population of wild elephants in India. John will speak on how he has remained positive in thought and action in the face of the current cataclysmic global extinction of species, how we can cope personally and what we can do for our beautiful distressed planet.

50% of Proceeds will be directed to the Tasmanian Devil Facial Tumor research.

2. EARTH SPIRIT ACTION a residential experiential deep ecology workshop with John Seed & Megan Wallace

Human identity exists at the intersection of the ancient cycles of air, water and soil. In spite of the pervasive illusion of separation, in reality no separation is possible between nature and ourselves. By acknowledging our interconnectedness we invite the spontaneous healing of the psyche. Using personal sharing, experiential deep ecology and creative exercises, we dissolve the separation between person and planet. Vision and empowerment arise naturally from realigning ourselves with the living Earth.

All proceeds will benefit the conservation of Tasmanian forests via the Huon Environment Centre
