

Arcoora Djedi Village

Following the last couple of Deep Ecology workshops here at Arcoora we have found that the group is so deeply connected and enjoying the space together so much that nobody wants to go home! We wanted to create an opportunity for participants in the workshop to stay on and get involved in the Arcoora project, so this year we are following each Deep Ecology workshop with one of our week long Djedi Village immersions!

We regularly take breaks from running programs and hosting events through the year so we can create space for our community to connect with each other and nurture this special place so that it continues to blossom in beauty, as a place for tribe to come and learn, heal and belong.

This is a family friendly gathering. You can stay a few nights, a weekend or the full length of the event.

What to expect:

- Many epic communally prepared meals
- Group morning practice of yoga and meditation
- Gentle or strenuous garden play, as you like it
- Ecosystem restoration projects
- Construction and maintenance projects
- Sharing workshops, songs, stories, crafts
- Dance celebration on Saturday night
- Camp fires & Yarns
- Movie nights
- Pizza nights

The contribution is \$30/night, kids are free. Includes communally prepared vegetarian and vegan meals. There is limited dorm room accomodation for those that register early, and plenty of room for camping!

(As with all Arcoora programs we don't want funds to be a limiting factor that prevents participation - please get in touch if things are tight and we'll see if we can arrange something)

Event details: <https://arcoora.org/djedi-village>

You can purchase tickets here: <https://www.trybooking.com/CJFUZ>

Once you have purchased your ticket, you will also need to register for the event so we can organise shuttles, meals & accomodation: <https://arcoora.org/djedi-village-registration>

We hope some of you can stay on after the deep ecology workshop and have a beautiful nature connected Village experience with us all!
